The St. Andrews Hospital Foundation

On February 26 2019, The Marigot Health District gratefully received from Mr. Hamlet, on behalf of the St. Andrews Hospital Foundation, a suitcase of Medical items. It seemed like the items were very thoughtfully chosen as they were medical supplies for everyday use, items that run out quickly therefore always needing to be in extra supply close on hand.

These medical supplies were distributed to the various Health Centers within the district and also the Accident and Emergency Department at Wesley.

We extend profound gratitude to the St. Andrew Hospital Foundation. Please be assured that your gift certainly was appreciated and was put to good use

Sincerely

Candia Jacob-Desbonnes
District Medical Officer
